Proposed Fiscal Year 2018 Budget Presentation

Referring to a PowerPoint presentation titled *FY18 Proposed Budget*, Mr. Woodard presented the Fiscal Year 2018 proposed budget in the amount of \$2,265,021,780 and noted that the budget reflects a 3.5-percent increase over the current year, primarily driven by inflation and the increased bed tax. He indicated that the General Fund has increased by 2.9 percent; that reserves will meet or exceed the 15-percent target by the final budget adoption time; that the Countywide and Municipal Services Taxing Unit millage rates and the 12 dependent Fire Districts will remain unchanged; and that once again, the County has the lowest per-capita debt of all of the urban counties in Florida. He noted that the Save Our Homes cap will increase to 2.1 percent, which ensures tax increases will be no higher than 2.1 percent for nearly 55 percent of all parcels in the county.

Mr. Woodard discussed the staff's accomplishments in support of the Board's Strategic Plan, specifically in the categories of a Quality Workforce, Public Health, Safety, and Welfare, Environmental Stewardship, Economic Growth and Vitality, and First Class Services; whereupon, he referred to the County's Annual Citizen Values Survey and reported on the quality of life, community characteristics, and the citizens' trust and confidence in County government.

In reviewing the budget for the departments under the Board of County Commissioners (BCC) and other County agencies, Mr. Woodard indicated that the BCC Departments' total budget is \$1,476,747,140 which constitutes about two-thirds of the overall budget and is a 4.2 percent increase over the current year; that the Constitutional Officers' total budget is \$375,043,220, or 16.6 percent of the total, and reflects an increase of just 0.1 percent; and that the budget for all other agencies is \$413,231,420, or 18.2 percent of the total, reflecting an increase of 4.3 percent; whereupon, he reported a total of 5,268 full-time equivalent staff positions and discussed changes in staffing levels, noting that the BCC departments' staffing level of 2,100.6 positions is equivalent to the year 1989.

- Continued funding of OSHA training for County personnel
- Classification and Compensation study
- Commitment to green technologies

- Internal support of the Pinellas County Construction Licensing Board
- Penny for Pinellas renewal
- Potential revenue reduction pending the upcoming vote regarding additional homestead exemptions
- Allocation and options for the projected \$1.3 million overage in reserves

Referring to the budget timeline and requesting the members' feedback, Mr. Woodard noted that a budget work session is scheduled for August 3 and additional sessions can be scheduled if needed; that the Property Appraiser will be notified of maximum millage rates by August 4, and the Truth in Millage Notices will be mailed on August 21; that the first budget public hearing will take place on September 14 and the second on September 26; and that the new budget year officially starts on October 1, 2017; whereupon, he noted that the tentative budget will be posted to the County's Budget website on September 12.

Ordinance No. 17-21 adopted amending the County Comprehensive Plan and Ordinance No. 17-22 adopted amending the County Code as set forth in the Staff Report. No correspondence has been received.

Mr. Stowers related that the ordinances are intended to encourage redevelopment of older mobile home parks with a high density of older units being utilized for housing. In response to queries by Commissioner Eggers, he noted that the mobile home park must be active and not abandoned; that developers would be responsible for transitioning residents in a manner consistent with the mobile home relocation programs; and that he is not aware of any abandoned parks currently in the Lealman Community Redevelopment Area (CRA).

Responding to query by Commissioner Gerard, Mr. Stowers indicated that the County could consider ways to move forward should an abandoned park be involved in the future, and Attorney White noted that the changes are intended as a pilot program in the Lealman CRA; and that if successful, the ordinances could be modified further to include any future concerns.
