INDEPENDENT AUDITOR'S REPORT

The Honorable Ken Burke
Clerk of the Circuit Court and Comptroller
Pinellas County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Pinellas County, Florida Clerk of the Circuit Court and Comptroller (Clerk), a component unit of Pinellas County, Florida (County), as of and for the year ended September 30, 2016, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Clerk as of September 30, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

(Continued)

Emphasis of Matter

As discussed in Note 1, the financial statements were prepared for the purpose of complying with the financial reporting provisions of Section 218.39, *Florida Statutes*, and Chapter 10.557(3), *Rules of the Auditor General*. The financial statements present only each major fund and the aggregate remaining fund information and do not purport to, and do not, present fairly the financial position of the Clerk, as of September 30, 2016, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Report on Summarized Comparative Information

We have previously audited the Clerk's 2015 financial statements, and we expressed unmodified audit opinions on the respective financial statements of each major fund and the aggregate remaining fund information in our report dated February 12, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedules on pages 16–18 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk's financial statements. The statement of changes in assets and liabilities – agency fund on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements.

The statement of changes in assets and liabilities – agency fund on page 20 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement of changes in assets and liabilities – agency fund on page 20 is fairly stated, in all material responses, in relation to the financial statements as a whole.

Restriction on Use

Our report is intended solely for the information and use of the Clerk, the Board of County Commissioners of Pinellas County, Florida, and the Auditor General of the State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2016, on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
September 30, 2016
(With Summarized Financial Information for the Year Ended September 30, 2015)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity: The Pinellas County, Florida, Clerk of the Circuit Court and Comptroller (Clerk) is an elected constitutional officer as provided for by the Constitution of the State of Florida. Pursuant to Section 129, Florida Statutes, the Clerk's budget for the General Fund is submitted to the Pinellas County, Florida, Board of County Commissioners (Board) for approval. The Public Records Modernization Fund budget is approved by the Clerk. Additionally, the Court Fund budget is submitted to the Clerk of Court Operations Corporation of the State of Florida for approval. The restricted fund balances represent resources for use by the Court Fund and Public Records Modernization Fund and are restricted by specific state statutes. In addition, for financial reporting purposes, the Clerk is included in Pinellas County, Florida's (the "County") basic financial statements as a blended component unit of the County.

Measurement Focus, Basis of Accounting, and Basis of Presentation: These financial statements include the general fund, special revenue funds, and agency fund of the Clerk. The accompanying financial statements were prepared for the purposes of complying with Section 218.39, *Florida Statutes*, and Chapter 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. Certain prior-year financial statement amounts have been reclassified to conform to the current year's presentation.

Chapter 10.556(4), *Rules of the Auditor General for Local Governmental Entity Audits*, requires the Clerk's financial statements to present only fund financial statements. Accordingly, due to the omission of government-wide financial statements and related disclosures, including a management's discussion and analysis, these financial statements do not constitute a complete presentation of the financial position of the Clerk as of September 30, 2016, and the changes in its financial position for the year then ended, in conformity with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, but otherwise constitute financial statements prepared in conformity with U.S. generally accepted accounting principles.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available to finance current liabilities of the fiscal year).

For this purpose, the Clerk considers revenues to be available if they are collected within 60 days after the end of the current period. Charges for services, interest income, and other revenue are recognized as they are earned and become measurable and available to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for certain compensated absences, which are recognized as expenditures to the extent they have matured. The appropriations from the Board are the primary source of funds considered to be susceptible to accrual. Capital outlays expended in the governmental funds are capitalized in the basic financial statements of the Board rather than in the governmental funds of the Clerk.

The Clerk utilizes the following major governmental funds.

General Fund – The General Fund is a major fund used to account for all revenues and expenditures applicable to the general operations of the Clerk, which are not accounted for in another fund. All operating revenue, which is not specifically restricted or designated as to use, is recorded in the General Fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Court Fund – This major special revenue fund is used to account for court-related functions as mandated by Section 28.37, *Florida Statutes*.

Public Records Modernization Fund – This major special revenue fund is mandated by 1) Section 28.24(12)(d), *Florida Statutes*, to be held in trust by the Clerk and used exclusively for equipment and maintenance of equipment, personnel training, and technical assistance in modernizing the public records system of the Clerk, 2) Section 28.37 *Florida Statutes*, to be held in trust by the Clerk and used exclusively for additional Clerk court-related operational needs and program enhancements and 3) Section 28.24 (12)(e), *Florida Statutes*, to be held in trust by the Clerk and used exclusively for court-related technology needs.

The Clerk's General Fund activity is funded through service charges for recording instruments and documents into the official records and through transfers in from the Board. Section 218.36(1), *Florida Statutes*, provides that the amount by which revenues and transfers exceed annual expenditures be remitted to the Board within 31 days following the fiscal year for which the funding was provided. The amount of this distribution is recorded as a liability and as a transfer out (other financing use) in the accompanying financial statements.

The Court Fund activity is funded by fees authorized by *Florida Statutes* for maintaining the County and Circuit Court records and collecting the fines and fees assessed by the courts. The court-related fees are retained by the Clerk and to be used exclusively for funding court-related operations of the Clerk of the Circuit Court. The excess of revenues collected over expenditures as of the end of the fiscal year are required to be returned to the State for deposit in its General Revenue Fund.

The Public Records Modernization Fund is funded by a portion of recording fees and an additional amount is collected pursuant to Section 28.24(12)(e), *Florida Statutes*, and used exclusively for funding court-related technology needs. 10% of all court-related fines collected by the Clerk are also deposited into this fund to be used exclusively for additional Clerk court-related operational needs and program enhancements.

Additionally, the Clerk reports the following fund type:

Fiduciary Funds – Agency Fund – These funds are used to account for assets held by the Clerk in a trustee capacity or as an agent for individuals, private organizations, other governments, and other funds. Agency funds are custodial in nature (assets equal liabilities), and do not involve measurement of results of operations or have a measurement focus.

Cash and Cash Equivalents: Cash and cash equivalents are defined for financial reporting purposes as any liquid investment with original maturities of three months or less.

Investments: Investments are carried at fair value. The Clerk invested funds during the fiscal year with the Local Government Surplus Funds Trust Fund, which is carried at amortized cost. The fair value of the Clerk's position in the trust is the same as the value of the trust shares. The Local Government Surplus Funds Trust Fund met the criteria to be a "2a7-like" pool, as defined in GASB 31, *Certain Investments and External Investment Pools*, and is permitted to report investments at amortized cost. A 2a7-like pool is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the regulations set forth in the SEC's Rule 2a7 of the Investment Company Act of 1940, which comprises the rules governing money market funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Thus, this pool operates essentially as a money market fund and is not categorized as to custodial risk according to the criteria set forth in GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*, and GASB Statement No. 40, *Deposit and Investment Risk Disclosures*.

Prepaid Items: Certain payments to vendors reflect costs related to future periods and are reported as prepaid items in the fund financial statements.

Compensated Absences: All full-time employees of the Clerk are entitled to annual vacation and sick leave with pay. The employees are generally allowed to accumulate vacation leave up to a maximum of three years' leave. Prior to December 24, 1994, sick leave was accumulated with no maximum. Beginning December 24, 1994, employees no longer accrue sick leave. Upon termination, the employee is paid for up to one-half of accumulated sick leave, depending on length of service, and all of the accumulated vacation. Vacation and sick leave payments are included in operating costs when the payments are made to the employees. The Clerk does not and is not legally required to accumulate financial resources for these unmatured obligations. Accordingly, the liability for compensated absences is not reported in the governmental funds of the Clerk but rather is reported in the basic financial statements of the Board.

Use of Estimates: The preparation of these financial statements is in conformity with Section 218.39, *Florida Statutes*, and Chapter 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*, and requires management to make use of estimates that affect the reported amounts in the financial statements. Actual results could differ from the required estimates.

Financial Information for 2015: The financial statements include certain prior-year summarized comparative information in total but not by major fund. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States. Accordingly, such information should be read in conjunction with the Clerk's financial statements for the year ended September 30, 2015, from which the summarized information was derived.

New Accounting Pronouncements: The following GASB pronouncement was adopted by the Clerk during the year ended September 30, 2016.

In February, 2015, the GASB issued Statement 72, *Fair Value Measurement and Application*. This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. To determine a fair value measurement, a government should consider the unit of account of the asset or liability. This Statement requires a government to use valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value, and requires a government to use valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2015. The Clerk has implemented this Statement effective with the financial statements contained herein, the results of which are reflected under Note 2 – Cash and Investments.

Accounts payable in the governmental funds result from transactions with various vendors. Funds due to Pinellas County are amounts due to the Board and other constitutional officers. Other due to amounts are amounts due to governmental entities other than the County. Deposits are funds held in trust that are due to the citizenry or their authorized representatives.

NOTE 4 - CAPITAL ASSETS

Capital assets used in governmental fund type operations are capitalized in the basic financial statements of the Board rather than in the governmental funds of the Clerk. Upon acquisition, such assets are recorded as expenditures in the governmental funds of the Clerk and capitalized at cost in the basic financial statements of the Board. Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at acquisition cost on the date received. The Clerk maintains custodial responsibility for the capital assets used by the office. No depreciation has been provided on capital assets in these financial statements. However, depreciation expense on these assets is recorded in the basic financial statements of the Board.

NOTE 5 - FUND BALANCES

The Clerk accounts for its fund balances pursuant to GASB Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. In accordance with this statement, fund balances are classified as either spendable or nonspendable. Spendable fund balances are further classified based on the extent to which there are external and internal constraints on the use of funds. The Clerk's fund balances are categorized as follows:

Nonspendable fund balances include amounts that cannot be spent because they are not in a spendable form or legally or contractually required to be maintained intact. The Clerk's prepaid items that are not in spendable form fall into this category.

Restricted fund balances are spendable fund balances that are constrained for specific purposes, which are externally imposed by laws or regulations. The fund balances of the Court and Public Records Modernization Funds can only be used for purposes as authorized by Florida Statutes.

The fund balance categories shown on the Balance Sheet-Governmental Funds are as follows at September 30, 2016:

	General Fund	Court Fund	Public Records Modernization Fund	Total
Nonspendable	\$ 386,605	\$ -	108,319	\$ 494,924
Spendable – restricted	<u>-</u>	<u>510,485</u>	<u>4,603,204</u>	<u>5,113,689</u>

NOTE 6 - ACCUMULATED COMPENSATED ABSENCES

The following is a summary of changes in general long-term liabilities, which are reflected in the basic financial statements of the Board of County Commissioners:

	<u>October 1, 2015</u>	<u>Additions</u>	<u>Retirements</u>	<u>September 30, 2016</u>	<u>Due within One year</u>
Accrued compensated absences	<u>\$2,345,960</u>	<u>\$2,271,537</u>	<u>\$2,405,557</u>	<u>\$2,211,940</u>	<u>\$2,211,940</u>
	<u>October 1, 2014</u>	<u>Additions</u>	<u>Retirements</u>	<u>September 30, 2015</u>	<u>Due within One year</u>
Accrued compensated absences	<u>\$2,445,937</u>	<u>\$2,282,392</u>	<u>\$2,382,369</u>	<u>\$2,345,960</u>	<u>\$2,229,717</u>

These long-term liabilities are not reported in the financial statements of the Clerk, since they have not matured.

NOTE 7 - EMPLOYEE RETIREMENT PLAN

Substantially all full-time employees of the Clerk are eligible to participate in the State of Florida Retirement System (System), a cost-sharing, multiple-employer defined benefit plan administered by the State of Florida, Division of Retirement. The System is a defined benefit plan for all state, and participating county, district school board, community college, and university employees (Pension Plan). The System also offers eligible employees participation in an alternative defined contribution plan (Investment Plan). The Clerk participates in the Elected State Officers' Class. Contribution rates are established statewide for all participating governmental units. Accordingly, the actuarial information and related disclosures attributable to the Clerk's employees are not determinable. Employees participating in the Pension Plan who retire at or after age 62 with 6 years of credited service, or with 30 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 1.6% for regular employees, 2.0% for senior management, and 3.0% for county elected officials for each year of credited service times their average final compensation. Average final compensation is the employee's average of the five highest fiscal years of salary earned during credited service. Vested employees may retire before age 62 and receive benefits that are reduced 5% for each year prior to normal retirement age. Employees participating in the Investment Plan are vested after one year of service with no age requirements. The System also provides death and disability benefits. Benefits are established by Section 121, *Florida Statutes* and Chapter 22B, *Florida Administrative Code*.

Effective July 1, 2011, employees participating in the System are required to contribute 3 percent of their eligible earnings on a pre-tax basis to the plan. Employees initially enrolled on or after July 1, 2011 become vested after 8 years of service instead of 6. Benefits are computed using the average of their highest 8 years of earnings instead of their highest 5 years. Normal retirement is based on 35 years of service regardless of age or at age 65 and vested for all classes except Special Risk Class members who must have 30 years of service regardless of age, or at age 60 and vested.

The Deferred Retirement Option Program (DROP) is a program that provides an alternative method for payment of retirement benefits for a specified and limited period for members of the System, effective July 1, 1998. Under this program, the employee may retire and have their benefits accumulate in the Florida Retirement System Trust Fund, earning interest, while continuing to work for a system employer. The

maximum participation in the program does not change conditions of employment. When the DROP period ends, of 60 months, employment must be terminated. At the time of termination of employment, the employee will receive payment of the accumulated DROP benefits and begin receiving their monthly retirement benefit (in the same amount determined at retirement adjusted, if applicable, by annual cost of living increases).

The System publishes an annual report that provides 10-year historical trend information about progress made in accumulating sufficient assets to pay benefits when due. This report may be obtained by writing to Division of Retirement, Research and Education Section, 1317 Winewood Boulevard, Building 8, Tallahassee, Florida 32399-1560, or by calling (877) 377-1737 or by accessing their internet site at:

http://dms.myflorida.com/human_resource_support/retirement/publications/system_information/annual_reports

The Clerk is required to contribute an actuarially determined rate. The contribution requirements of the Clerk are established and may be amended by the State of Florida. The contribution rates are established by fiscal year, beginning each July 1. The contribution rates by job class were as follows: elected county officers 43.24%, regular 7.37%, senior management 21.14%, and DROP employees 12.28% from October 1, 2014 through June 30, 2015; elected county officers 42.27%, regular 7.26%, senior management 21.43%, and DROP employees 12.88% from July 1, 2015 through June 30, 2016; and elected county officers 42.47%, regular 7.52%, senior management 21.77%, and DROP employees 12.99% from July 1, 2016 through September 30, 2016. The Clerk's contributions to the plan for the years ended September 30, 2016 and 2015 were \$1,960,323 and \$1,997,003, respectively, equal to the required contributions for each year. This represents 8.55% and 8.64% of covered payroll, respectively. The Clerk's portion of the net pension liability and the associated footnotes are not reported in the financial statements of the Clerk, but are reported in the basic financial statements of the County.

NOTE 8 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (OPEB) PLAN

Plan Description: The Clerk participates in a single-employer defined benefit healthcare plan that covers eligible retirees and their dependents of the Board of County Commissioners, all Constitutional Officers with the exception of the Sheriff, and the Planning Council and their dependents. The Board administers the plan and establishes the benefits. The healthcare plan does not issue a stand-alone financial report; however, additional actuarial information regarding the plan as a whole is disclosed in the notes to the financial statements of Pinellas County.

The County pays a percentage of the premium for medical and dental insurance for the former employees with at least 10 years of service who retired prior to October 1, 2004, equivalent to that paid for active employees. For non-Medicare eligible retirees, employees enrolled in DROP and those within 5 years of normal FRS retirement prior to October 1, 2004, with 10 years of service, the County will continue funding at the same level as active employees. For employees not part of the previously mentioned groups who retire on or after October 1, 2004, a health insurance subsidy based on length of service will be provided. The subsidy will range from 25% of the premium for 10 years of service, increasing by 3.33% per year of service to 75% for 25 years or more, calculated on the single premium of the lowest cost plan.

Funding Policy: The contribution requirements of the plan members and the employers are established and may be amended by the County. The plans are financed on a pay-as-you-go basis. Participating agencies contribute an additional amount per each active employee to fund retiree health care. The Clerk contributed \$1,660,641 to the plan during the fiscal year to fund OPEB benefits.

NOTE 8 - OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (OPEB) PLAN (Continued)

The annual other postemployment benefit cost for both plans is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. An actuarial valuation on the plan as a whole was performed as of October 1, 2015. The notes to the financial statements and required supplemental information of the County disclose additional information regarding the OPEB plan as a whole.

NOTE 9 - RELATED-PARTY TRANSACTIONS

The Clerk of the Circuit Court and Comptroller incurred costs and charges from the Board of County Commissioners during the fiscal years ended September 30, 2016 and 2015 for various services as follows:

During 2016 and 2015, the Board provided funding to the Clerk that amounted to \$10,664,670 and \$9,929,240, respectively. At September 30, 2016 and 2015, the Clerk had a receivable due from other county constitutional officers of \$63,717 and \$24,815, respectively, and a receivable due from the Board of County Commissioners of \$48,595 and \$84,025, respectively. Additionally, at September 30, 2016 and 2015, the Clerk had amounts due to the Board as follows:

NOTE 10 - RISK MANAGEMENT

The County is exposed to various risks of loss, including, but not limited to, general liability, property and casualty, auto and physical damage, and workers' compensation. The County is substantially self-insured and accounts for and finances its risks of uninsured loss through an internal service fund. All liabilities associated with these self-insured risks are reported in the basic financial statements of the Board. During the fiscal years ended September 30, 2016 and 2015, the Clerk was charged \$41,260 and \$53,020, respectively, by the County for participation in the risk management program.

NOTE 10 - RISK MANAGEMENT (Continued)

Under this self-insured program, the County provided coverage for up to \$1.5 million per claim for workers' compensation prior to March 1, 2013. From March 1, 2013 forward the County provided coverage for up to \$2.0 million per accident. Coverage is provided to meet the statutory requirements of Section 440, *Florida Statutes*. The County has also purchased excess coverage for up to \$15 million per occurrence or claim with a \$30 million aggregate for various liability claims under the self-insured risk management program prior to March 1, 2013. From March 1, 2013 forward, the excess coverage is \$15 million per occurrence or claim and in the aggregate. As of March 31, 2015, the self-insured retention funded by the Risk Fund became \$1 million. Negligence claims in excess of the statutory limits set in Section 768.28, *Florida Statutes*, which provide for limited sovereign immunity of \$200,000/\$300,000 per occurrence can only be recovered through a "claims bill" passed as an act of the State Legislature. The excess liability coverage carried by the County would cover damages awarded in the event of a "claims bill," as well as several types of claims that are presented under Federal Law that may not be subject to Florida Statute 768.28.

Effective July 1, 2011, the Clerk acquired outside insurance coverage for worker's compensation claims only. All claims incurred prior to July 1, 2011 for worker's compensation are still covered by the County's risk management program. There have been no other significant changes in insurance coverage in the last year. Settled claims have not exceeded commercial coverage in any of the last three years.

The County is also self-insured for medical and dental claims covering all of its employees and their eligible dependents. As required by Section 112.0801, *Florida Statutes*, retirees and their eligible dependents are provided the same health care coverage as is offered to active employees at the same premium cost (borne by the retiree) applicable to active employees. No excess insurance coverage has been acquired for these claims. An actuarial valuation is performed each year to estimate the amounts needed to pay prior and future claims and to establish reserves.

NOTE 11 - CLAIMS AND CONTINGENCIES

Litigation: The Clerk is involved as a defendant or plaintiff in certain litigation and claims arising from the ordinary course of operation. In the opinion of the Clerk and legal counsel, the range of potential recoveries or liabilities will not materially affect the financial statements of the Clerk.

Grants: Grant funds received by the Clerk are subject to audit by grantor agencies. Audits of these grants may result in disallowed costs, which may constitute a liability of the Clerk. In the opinion of management, disallowed costs, if any, would be immaterial to the financial statements of the Clerk.

PINELLAS COUNTY, FLORIDA
CLERK OF THE CIRCUIT COURT AND COMPTROLLER
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
September 30, 2016

NOTE 1 - BUDGETARY PROCESS

Florida Statutes Sections 129.021 and 129.03 govern the preparation, adoption, and administration of the Clerk's annual budget. The budget of the Clerk (to the extent of his function as ex-official Clerk to the Board) is prepared for the general fund, which is submitted to and approved by the Board. The Clerk also prepares the budget related to his recording function based on anticipated fees.

Pursuant to Section 28.36, *Florida Statutes*, a balanced court-related budget shall be prepared on or before August 15 and submitted to the Clerk of Court Operations Corporation (Corporation) of the State of Florida. If the Clerk estimates that projected revenues are insufficient to meet anticipated expenditures, the Clerk is required to report the revenue deficit to the Corporation. Once the Corporation verifies the revenue deficit, the Clerk can increase fees up to the maximum amounts specified by law to resolve the deficit. If a revenue deficit is still projected, a request can be submitted to release funds from the Department of Revenue Clerks of Court Trust Fund.

Budgets for the General Fund, Court Fund and Public Records Modernization Fund are prepared on a basis consistent with accounting principles generally accepted in the United States of America. The annual budget serves as the legal authorization for expenditures. Any subsequent amendments to the Clerk's budget funded by the Board must be approved by the Board, and any subsequent amendments of the Court Fund budget must be approved by the Corporation. Expenditures may not legally exceed appropriations at the fund level. Appropriations lapse at year-end. Budgetary control is maintained at each respective fund level. Budgetary changes within each respective fund are made at the discretion of the Clerk.

The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized changes applicable to the fiscal year, whenever legally authorized.

OTHER REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Ken Burke
Clerk of the Circuit Court and Comptroller
Pinellas County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Pinellas County, Florida Clerk of the Circuit Court and Comptroller (the "Clerk"), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, and have issued our report thereon dated December 22, 2016. As discussed in Note 1, the financial statements were prepared for the purpose of complying with the financial reporting provisions of Section 218.39, *Florida Statutes*, and Chapter 10.557(3), *Rules of the Auditor General*. The financial statements present only each major fund and the aggregate remaining fund information and do not purport to, and do not, present fairly the financial position of the Clerk, as of September 30, 2016, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
