ANNUAL REPORT
For The Year Ending December 31, 2018
April 10, 2019

The Honorable Ken Burke, CPA  
Clerk of the Circuit Court and Comptroller

The Honorable Chairman and Members  
of the Board of County Commissioners

On behalf of the Division of Inspector General (IG), I am pleased to present the IG’s 2018 Annual Report.  
*The International Standards for the Professional Practice of Internal Auditing* of The Institute of Internal  
Auditors, Standard Number 2060 – Reporting to Senior Management and the Board, mandates reporting  
periodically on the internal audit activity’s purpose, authority, responsibility, and performance relative to its  
plan.

This report summarizes the objectives and accomplishments of the IG for the year ending December 31, 2018.

We would like to take this opportunity to thank you for the development of the 2019 IG Annual Audit Plan  
issued January 18, 2019. We strive to ensure that you are satisfied with any audit, investigation, or  
requested project completed. It is the goal of the IG to ensure adherence to Pinellas County (County)  
resolutions, directives, policies, procedures, and internal controls.

The Annual Report is designed to serve as a helpful guide for County management in developing  
recommendations for the annual work plan that is completed every January by the IG. Please feel free to  
contact us anytime to request a review of an area or function that, in your perspective, could be improved.

In its 36th year of continuous operations, the IG staff takes pride in their contribution towards making the  
County operate as efficiently and effectively as possible for our citizens and stakeholders. The staff of the  
entire IG is to be applauded for their accomplishments, dedication, and production of this report.

Respectfully Submitted,

Hector Collazo Jr.  
Inspector General/Chief Audit Executive  
Division of Inspector General

INTRODUCTION

Summary of Performance

The year ending December 31, 2018, was a continuing period of progress, partnerships, and accomplishments for the Division of Inspector General (IG). We appreciate and value the support of the Clerk of the Circuit Court and Comptroller (Clerk), Board of County Commissioners (BCC), Pinellas County (County) Administration, County staff, and citizens for the County's Inspector General function.

The IG office is comprised of two operational units: Audit Services and the Public Integrity Unit (PIU), working together to:

- Ensure an independent, objective analysis and evaluation of County programs and operations,
- Issue public reports, and
- Make recommendations to strengthen and improve the delivery of public services to the citizens of Pinellas County.

The IG publicly issued 36 County Government related reports during 2018, which yielded 70 Opportunities for Improvement, encompassing 153 Recommendations. Departmental management concurred with, and committed to, the implementation of 147 of our 153 Recommendations or 96%. This is a reflection of the intangible value and importance of a strong, independent audit and investigative process, management’s commitment to that process, and their dedication to ensuring adherence to County resolutions, directives, policies, procedures, and internal controls.

The IG’s PIU’s Guardianship Section issued 60 guardianship reports to the Florida Sixth Judicial Circuit Court, which resulted in:

- Two Guardians removed, and
- Approximately $1.5 million in questionable expenditures identified.

In addition, the IG PIU’s Guardianship Section issued 26 guardianship reports to the Florida Department of Elder Affairs, Office of Public and Professional Guardians (OPPG), identifying approximately $212,000 in questionable expenditures.
Below is a summary of reports issued by the IG during 2018:

*These reports are not available to the public per Florida Statute §744.3701, Inspection of report.

Overall, for the year 2018, the IG has identified over $2.7 million in potential economic impact to the County and its citizens.

**Historical Background**

Pinellas County is a Charter County established under the Constitution and Laws of the State of Florida in 1912. The County approved the Home Rule Charter in 1980, consequently establishing a BCC/Administrator form of government. The elected seven-member BCC is the legislative and governing body of Pinellas County. The County Administrator serves as the chief administrative officer who oversees daily County operations. The elected Constitutional Officers include the:

- Clerk of the Circuit Court and Comptroller
- Property Appraiser
- Public Defender
- Sheriff
- State Attorney
- Supervisor of Elections
- Tax Collector
The Clerk is a Constitutional Officer whose authority and responsibilities are derived from constitutional and statutory provisions. Section 1(d), Article VIII, of the State Constitution, provides for the election of certain County officers including a Clerk of the Circuit Court. The latter part of this section specifies that:

"...the clerk of the circuit court shall be ex officio clerk of the board of county commissioners, auditor, recorder and custodian of all county funds."

Section 16, Article V, of the State Constitution, also specifies that the Clerk shall have the duties quoted above. The law also confers onto the Clerk the responsibility to act as the County’s Auditor.

In 1983, the Clerk established the Internal Audit Division in order to fulfill the responsibility of County Auditor. One of the most significant roles of an internal audit function is to serve as a public watchdog over taxpayer dollars.

The Clerk established the _Fraud, Waste and Abuse Policy_ in 2003 to facilitate the development of internal controls that will provide for the detection, prevention, and reporting of fraud, waste, and abuse aimed at County government. It is the intent of this policy to promote awareness of the potential for fraud, waste, and abuse throughout the County, and to provide guidelines and assign responsibility for the development of adequate internal controls and systems.

In March 2015, the County Administrator issued _Pinellas County Administrative Directive No. 19-1, Fraud, Waste and Abuse Policy_, which formally provides instruction and guidance for implementing the _Fraud, Waste and Abuse Policy_ to BCC employees.

In conjunction with the previously mentioned policy, the IG’s PIU was established in November 2003. The PIU conducts investigations of suspected inappropriate activities in County affairs. These investigations can involve conducting interviews under oath, the examination of books and records, and the implementation of other appropriate investigative techniques.

In May 2009, the Audit Charter was amended to the Inspector General Charter, thereby resulting in a title change from the Internal Audit Division to the Division of Inspector General.

The IG/Chief Audit Executive has the authority and responsibility to conduct audits and investigations of all agencies funded by the Clerk and the BCC departments under the County Administrator. Moreover, the IG has the authority to issue reports based on its findings and investigations.
Independence

As specified in the IG Charter, to provide for the independence of the IG activity, its personnel report to the IG/Chief Audit Executive, who reports functionally and administratively to the Clerk. Since the Clerk is an elected Constitutional Officer, and thus responsible to the citizens and taxpayers of Pinellas County, the Clerk is considered to be independent.

The IG/Chief Audit Executive must communicate and interact directly with the Clerk. The Clerk, as County Auditor, communicates with the BCC, but this does not restrict the IG/Chief Audit Executive from communicating with the BCC directly.

The IG has no direct responsibility to, or authority over, any area subject to its audit, review, and investigation. Therefore, the IG office is organizationally independent from those areas which it will be auditing, reviewing, and investigating. The IG/Chief Audit Executive has the authority and responsibility to conduct audits and investigations of any operation under the direction of the Clerk or the BCC, functions for which the BCC provides financial support as separate entities in its budget, or which the BCC is the ex-officio governing body, and to issue reports thereon.

Mission

The mission of the Division of Inspector General (Division) is to improve government and preserve the public trust by providing independent, comprehensive audits, and investigations designed to add value and improve the County’s operations and contracts. We strive to educate citizens and policymakers regarding the operation of their government. The Division will conduct investigations to ensure compliance with the Pinellas County Clerk of the Circuit Court’s Fraud, Waste and Abuse Policy and Procedures designed to facilitate the development of internal controls that will provide for the detection, prevention, and reporting of fraud, waste and abuse directed against County government. It is the intent of the policy to promote awareness of the potential for fraud, waste and abuse throughout the County, and to provide guidelines and assign responsibility for the development of adequate internal controls and systems.

Quality Assurance

In accordance with our commitment to comply with national best practices, the IG adopted and embraced the following:

- The Institute of Internal Auditors, *International Standards for the Professional Practice of Internal Auditing* (Red Book)
- The Association of Inspectors General, *Principles and Standards for Offices of Inspector General* (Green Book)

The Red Book defines internal auditing as an independent, objective assurance (audit) and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes. Assurance services (audits) is an objective examination of evidence for the purpose of providing an independent assessment on governance, risk management, and control processes for the organization. Consulting services is advisory, and performed at the specific request of clients; the nature and scope of which are agreed with the client, and are intended to add value and improve an organization’s governance, risk management, and control processes without the internal auditor assuming management responsibility.

The Green Book describes investigations and forensic audits as independent techniques to gather and assess evidence related to alleged wrongdoing, potential violations of laws, rules and regulations, policies and procedures, or other abuses that impact negatively on the ability of the organization to effectively and efficiently carry out its duties. Furthermore, the Green Book requires compliance with the aforementioned Red Book standards when performing audits.

The CFA is an accreditation program recognized as a means of maintaining the highest standards of professionalism for independent investigations based on meeting specific requirements and prescribed standards. Furthermore, the CFA requires compliance with the aforementioned Green Book when conducting investigations.

“Who audits the auditors and investigators?” is the most common question asked of IG staff.

The IG’s continuous improvement program of its audit and investigative activities include the assessment of operations by independent external quality assurance review teams based on the Red Book, Green Book, and CFA standards.

An external quality assurance review is a strategic assessment of an internal audit and/or investigative function, including its infrastructure, staff experience, and performance relative to organizational goals, best practices, and standards. The external quality assurance review program is voluntary; however, the benefit of undergoing external quality assessments is that it allows the IG to stipulate that our
activities, *"Conform with auditing and investigative standards."* It also builds stakeholder confidence by documenting our commitment to quality and successful best practices, and the mindset for professionalism. Obtaining an external quality assessment review provides evidence to the Clerk, BCC, County management, County staff, and Pinellas County citizens that we are concerned about our own organizational internal controls, ethics, governance, and risk management processes.

A thorough evaluation of the IG PIU’s policies and procedures, management, operations, and support services to determine compliance with the CFA standards is performed every three years. The most current CFA assessment was conducted in December 2018. The CFA assessment team determined that the IG is 100% compliant with the CFA standards and reaccreditation was awarded on February 20, 2019.

An evaluation of the IG’s compliance with the Red Book and Green Book standards is performed every five years. The most current Red Book and Green Book assessment was conducted by the Association of Inspectors General in August 2016. The assessment team determined the IG’s Audit Services and PIU met all relevant Red Book and Green Book standards, which is the highest affirmation.

**Operations**

The Division is subdivided into the following units, although all staff members are cross trained to perform both audits and investigations:

- Audit Services
- Public Integrity Unit, which includes the:
  - Investigative Unit
  - Guardianship Unit

The IG office was comprised of 12 staff positions in 2018, an additional position was recently added. (Please see Appendix A for current staff biographies.)
Professional Development

The IG recognizes that the quality and effectiveness of its services are dependent upon a professionally trained staff. Please see Appendix A, Staff Biographies, which highlights the key certifications earned by the IG staff. To this end, the IG allocates a portion of its resources to ensure continuing professional education as a key requirement of the aforementioned standards.

Training is vital to our function as it keeps us abreast professionally and current on auditing techniques, investigative techniques, risk assessments, information technology, and best practices.

Training hours by subject area in 2018 are depicted in the following chart:

[Chart showing the distribution of training hours by subject area: Accounting & Auditing - 34%, Behavioral - 6%, Technical Business - 26%, Public Integrity - 34%]
Budget

Annual Audit Plan Selection Process

The IG recognizes that an overall strategy and audit plan is critical in order to meet the goals, objectives, and mission of the office. Annually, projects are selected and prioritized using a dynamic risk based approach. Risk factors include:

- Perception of risks from County-wide administration and officials.
- Economic factors such as the amount of financial impact, volume of transactions, number of personnel, generation of revenue, and the alignment of responsibility.
- Changes in organization, management, key personnel, and information systems.
- Environmental factors such as controls, regulations, and public perception.

We also solicit recommendations from citizens and other Constitutional Officers, survey all County employees, and receive tips from the Fraud, Waste, and Abuse Hotline.

The number of audits selected for the plan is based on audit impact (the problems or risks it would address and the likely types of findings and recommendations), the sensitivity and complexity of the audit compared to its likely impact, staff resources, and the breadth and depth of audit coverage across County government.

Based on the estimated available hours for the IG staff in 2018, the Annual Audit Plan for 2018 is broken down by project type and by the source in the following charts. Please see the Annual Audit Plans on the IG website at: Annual Audit Plans

Audits

The objective of these projects is to provide auditees with an independent appraisal of whether desired results and objectives are achieved economically, efficiently, and in accordance with prescribed laws, regulations, policies, and procedures. The following chart depicts the typical audit process:
An Opportunity for Improvement is our way of working with management toward the advancement of government best practices in order to better serve the citizens and stakeholders of Pinellas County.

During 2018, the IG issued 15 audit reports with:

- 53 Opportunities for Improvement
  - Containing 116 Recommendations

Recommendations are an integral part of our audits; this is where an opportunity for change or improvement takes place. We presented a total of 505 Recommendations in 2016 through 2018; the management of the audited departments concurred with 496 of that total (98%).

Investigations

The objective of these projects is to investigate allegations of fraud, waste, and abuse directed against County government. Investigations that uncover administrative wrongdoing typically reveal violations of law, policy, or regulations. They also identify the individuals responsible for the violations and make recommendations for administrative action. The following chart depicts the typical investigation process:
The following table shows the number of investigations conducted over the past three years and their disposition. The investigation disposition falls into one of three categories:

1. **Substantiated**:  
   - There is sufficient evidence to justify a reasonable conclusion that the allegation is true.

2. **Unsubstantiated**:  
   - There is insufficient evidence to either prove or disprove the allegation.

3. **Unfounded**:  
   - The allegation proved to be false or there is no credible evidence to support the allegation.

Equally important to the investigative process is the identification of:

- Internal control weaknesses
- Contracting irregularities
- Other problems that place County government at risk for fraud, waste, and abuse

Therefore, the investigative reports frequently make specific recommendations to:

- Correct the identified deficiencies
- Provide guidance on the applicable laws and regulations
- Suggest employee training where appropriate

When investigative findings suggest signs of criminal conduct, they are presented to the appropriate law enforcement authorities for further action.

* Defendant is a citizen who is alleged to have fraudulently manufactured County documents.
** Due to an error found, the 2017 figures were updated from figures reported in last year’s Annual Report.

During calendar year 2018, the IG handled 224 anonymous hotline tips. The IG reviewed 117 of these tips and determined that 31 required investigations, while 86 were referred to the appropriate agencies, including:

- County Departments
- Pinellas County Sheriff’s Office
- Florida Sixth Judicial Circuit Court
- Local Police Departments
- State Attorney’s Office
- Florida Department of Elder Affairs
- Florida Department of Children and Families
- The Florida Bar

No action was taken on the remaining 107 calls, because they were informational in nature, or did not require referral, etc.
The Fraud, Waste, and Abuse Hotline is one of our ways to promote honesty and efficiency in government and maintain the public’s trust in County government. County management, County employees, and citizens are urged to immediately report any suspected fraud, waste, or abuse.

Reports may be made in several convenient ways:

- Written complaints may be faxed to (727) 464-8386
- Written complaints may be mailed to 510 Bay Avenue, Clearwater, Florida 33756
- Call the dedicated Hotline number (727) 45FRAUD (727-453-7283)
- Report online through the Clerk’s website:
  - Report Fraud of County Resources
  - Report Fraud of Guardianship Cases

*When reporting fraud, waste, or abuse, you may remain anonymous, if you wish.*

The fraud reporting program is critical to our efforts to combat fraud, waste, and abuse as complaints provide the ability to generate leads from multiple sources. Investigations are initiated upon the receipt of credible information alleging an act of fraud, waste, or abuse that falls within the IG’s jurisdiction.
Follow-Ups

The objective of these projects is to track the status of management’s action on reported findings and recommendations. To meet the standard of due professional care, the IG has established a process that assesses the adequacy, effectiveness, and timeliness of management’s actions. Management is primarily responsible for deciding the appropriate action to be taken on reported findings and recommendations.

Based on a risk assessment, approximately one year after the issuance of an audit or investigative report, a follow-up is conducted and a report is issued. The report summarizes managements’ responses to Recommendations that are categorized as implemented, acceptable alternative, partially implemented, not implemented, or no longer applicable.

The table below summarizes follow-up statistics for the past three years:

Division of Inspector General - A Good Investment

Not only is the expense of having an IG office cost-effective, its importance extends beyond the financial considerations. The impact of maintaining transparency and trust in local County government is invaluable. The vigilance of the IG staff ensures Pinellas County taxpayers and stakeholders receive a fair and honest accounting of their funds.

The IG is productive and cost-effective. Over the past three years, the IG has only expended approximately $4.2 million and identified over $8 million of potential recoveries, savings, cost avoidance, or other economic impact to the County and/or the taxpayers. The benefit-to-cost ratio of 1.99 to 1.0 demonstrates that the financial investment made in the IG is a notably wise use of County funds.
A well run audit and investigative function is an investment that benefits County government, but more importantly, the citizens and taxpayers of Pinellas County.

**Cooperative Partnership Projects**

**Florida Sixth Judicial Circuit Court – Probate, Guardianship, and Mental Health Division, And Clerk’s Probate Court Records Department**

The objective of these projects is to augment the Clerk’s Probate Court Records Department, Guardianship Section’s authority under Section 744.368 of the Florida Statutes, which states the Clerk, “…shall audit the verified inventory and the accountings. The clerk shall advise the court of the result of the audit.” Also, these projects provide assistance to the Probate, Guardianship, and Mental Health Division of the Florida Sixth Judicial Circuit Court (Court). These projects help with supporting the Clerk and Court’s oversight process as it pertains to the protection of wards' assets per Chapter 744 of the Florida Statutes and related Administrative Orders of the Florida Sixth Judicial Circuit. The IG conducts varying levels of audits and financial investigations of guardianship activities.

These audit and investigation reports are not available to the public per Section 744.3701 of the Florida Statutes and the Florida Sixth Judicial Circuit in and for Pinellas and Pasco County, Florida Administrative Order No. 2010-065 Pa/Pi-Cir Sealing of Court Records (Section II-B Confidential Records and Information, 2c); they are issued to the Court for review and possible action.
During 2018, the IG handled 78 guardianship hotline calls, of which 26 were referred to other entities. The guardianship work performed during calendar year 2018 resulted in two guardians being removed and approximately $1.5 million in questionable expenditures identified. The IG conducts the following three types of guardianship audits/reviews:

- **Level I**
  - An IG Level I review consists of the review of guardianship reports in conjunction with the supporting documentation, and is performed once the Clerk’s Probate Guardianship Section’s initial examination reveals discrepancies.

- **Level II**
  - An IG Level II audit consists of the examination of the guardianship report and the attempted verification of selected questionable items. Limited inquiries and/or requests for supporting documentation may be necessary to resolve issues.

- **Level III**
  - An IG Level III audit consists of a comprehensive examination and attempted verification of all significant items pertinent to the guardianship report.

During calendar year 2018, the PIU Guardianship Unit conducted 687 Level I reviews and issued 58 Level II and III audit reports with:

- 327 Opportunities for Improvement
  - Containing 448 Recommendations

During calendar year 2018, the PIU Guardianship Unit issued two investigation reports with:

- 27 Opportunities for Improvement
  - Containing 11 Recommendations

In 2016, the Florida Department of Elder Affairs, Office of Public & Professional Guardians (OPPG), was given the statutory responsibilities for handling complaints and conducting investigations of professional guardians pursuant to the guardianship laws in Florida Statute Chapter 744. With no investigative unit or investigative experience, OPPG determined a cooperative partnership was needed with Clerks' Offices of Inspectors General having the expertise and experience needed to fulfill OPPG’s investigative authority. Therefore, in 2016, a Memorandum of Understanding was executed between OPPG and several Clerks of Circuit Court and Comptrollers, Offices of Inspectors General, establishing a statewide partnership known as the Statewide Investigation Alliance (Alliance).

As an Alliance member, the IGs’ staff of independent and professional auditors/investigators reinforces the Florida Judicial Circuit Courts’ duties of oversight and protection of wards, the Clerks of the Circuit Court and Comptrollers’ duties to audit and investigate guardianships and advise the Court, and the OPPG’s duties of monitoring, educating, and disciplining professional guardians. In cooperation with the Court, Clerk, and OPPG, the Alliance conducts investigations involving legally sufficient complaints against professional guardians to fulfill the new requirements of Florida Statute Chapter 744.

During calendar year 2018, the PIU Guardianship Unit issued 26 investigation reports to the OPPG.

* First year of OPPG Investigations.
** 2018 - first year with these reporting categories.
**St. Petersburg College**

The IG has a cooperative partnership with St. Petersburg College to provide training to family and professional guardians.

**Guardianship Association of Pinellas County**

The IG has a cooperative partnership with the Guardianship Association of Pinellas County (Association) to provide training to Association members and submit articles to the Association newsletter.

**DAVID Internal Control Review**

*Pinellas County Property Appraiser's Office*

The objective of this project is to provide periodic monitoring of Property Appraiser employees’ use of the Driver and Vehicle Information Database (DAVID) personal data as required by the Memorandum of Understanding (MOU) between the Property Appraiser and the Florida Department of Highway Safety and Motor Vehicles (DHSMV).

Periodically, the DHSMV requests the Property Appraiser to submit an attestation ensuring DAVID data is used in an appropriate manner per the MOU. The Pinellas County Property Appraiser requested the IG to perform the attestation engagement. As a result of that engagement, the Property Appraiser requested the IG to perform a limited audit annually to analyze the DHSMV access transaction reports for the Property Appraiser employees to determine that DAVID information was obtained for legitimate business purposes.

**Prison Rape Elimination Act (PREA) Hotline**

*Pinellas County Sheriff*

In 2014, the Pinellas County Sheriff requested the IG’s assistance to comply with federal law, and in a cooperative effort, to save the County an estimated $150,000 per year in additional funds to operate the PREA Hotline.

PREA is a federal law established to address the elimination and prevention of sexual abuse in correctional systems. PREA applies to all Federal, State, and local prisons, jails, police lock-ups, private facilities, and community settings, such as residential facilities.
The Pinellas County Sheriff’s Office (PCSO) has a **zero tolerance policy** for all forms of sexual abuse of inmates either by other inmates, staff, volunteers, contractors, or individuals having responsibility for the safety, security, care, and/or treatment of inmates. Inappropriate relationships will not be tolerated and these relationships are criminal and may be prosecuted under state and federal laws.

The objective of this project is to provide an independent hotline for reporting complaints of sexual abuse or sexual harassment of any inmate incarcerated in the Pinellas County Jail in accordance with the Prison Rape Elimination Act (28 CFR Part 115.51).

**Support of County Functions**

The objective of these projects is to serve as an independent, objective resource for County management. Examples of support IG provided in 2018 include:

- Consulting services at management request, which resulted in the following consulting projects:
  - Review of Other Postemployment Benefits Costing
  - Review of Utilities Revenue Management Supervisor 2 Job Responsibilities

- Management requests that we participate on various boards and teams, such as:
  - Security Panel
  - Technology Steering Committee

**Volunteers In Pinellas**

Pinellas County depends on volunteers to help provide residents and visitors with the best service possible. The Volunteers In Pinellas (VIP) program affords citizens the opportunity to make a difference in the community. The program matches individuals’ unique interests, talents, and abilities with available volunteer opportunities throughout the County.

The IG participates in the VIP program with volunteers that assist staff in gathering data and research needed for performing projects, and maintaining the appearance of the IG office. During 2018, one volunteer contributed 24 hours of their time to the IG office.
Report Highlights

The following are highlights of selected audits and investigations issued by the IG during 2018. If you would like to read the reports, please visit the Inspector General’s website and click on IG Reports.

INVESTIGATION OF NORTH COUNTY BRANCH OFFICE CASH SHORTAGE
(REPORT NO. 2018-05)

The IG PIU initiated an investigation upon notification of a $2,000 cash shortage at the North County Branch Office. The investigative fieldwork substantiated the allegation that a Fiscal Records Specialist was short $2,000 when balancing out; however, there was no conclusive evidence of what happened to the missing funds. Nonetheless, we noted the following:

- The parties involved did not follow accounting policies and procedures.
- The parties involved deviated from basic cash handling procedures during the transaction.
- The North County Branch Office lacks monitoring capabilities in its cash handling areas.

AUDIT OF SOLID WASTE CONTRACT FOR OPERATION OF THE WASTE-TO-ENERGY PLANT (REPORT NO. 2018-21)

Solid Waste manages a Waste-to-Energy (WTE) Facility that burns trash to convert it into electrical energy. The County contracts with Covanta Projects, LLC (Facility Contractor) for operation of the WTE Facility. During the audit, we noted multiple weaknesses in the controls governing the billing for technical recovery plan projects. Specifically, we identified issues with the Facility Contractor withholding subcontractor prompt payment discounts from the County and billing sales tax. In addition, there was one instance where the County miscalculated and made an overpayment to the Facility Contractor. As a result, we calculated a total cost savings of $877,334. Using a project listing Solid Waste Department Management provided, we determined this sum could be used to pay for additional projects in the WTE Facility.
In addition, we noted instances of untimely invoice payments by both the County and the Facility Contractor. There were also unresolved billing discrepancies between the County and the Facility Contractor.

The bulk of the agency’s policies and procedures were in draft form. Our review indicated project management controls also need improvement. We noted missing project authorization documentation, missing inspection documentation, and missing change orders. Moreover, the County used an inefficient project tracking system, and the Facility Contractor’s lack of project monitoring allowed a subcontractor to perform unapproved work that exceeded the project budget. Regarding the operation of the WTE Facility, discussions with subcontractors and the County’s Independent Consulting Engineer revealed safety, security, and housekeeping issues.

Except as noted in the report, our review determined Solid Waste Management is very knowledgeable about the WTE Facility operations and technical recovery plan projects and is in constant communication with the Facility Contractor on all associated matters. Solid Waste Management, in consultation with the County’s Independent Consulting Engineer, scrutinizes WTE Facility projects for cost and necessity to protect the County’s interests.

INVESTIGATION OF NORTH COUNTY BRANCH TRANSACTION
(REPORT NO. 2018-23)

The IG PIU initiated an investigation upon notification of an unusual transaction that occurred at the North County Branch Office. The transaction sequence of events in Odyssey and CCIS were as follows:

- The Respondent assisted a customer who tendered a check in the amount of $201 to fully satisfy a traffic infraction case; a counter payment for only $60 was recorded.
- The Respondent issued $141 in change from the cash drawer. The customer stated they did not receive the change (cash refund).
- The Respondent cleared the driver license suspension in Odyssey and CCIS, even though a balance of $141 remained on the case.
- The $60 payment was reversed because the customer's check, for $201, was returned for non-sufficient funds.
- A driver license suspension infraction was completed in Odyssey, and the Department of Highway Safety and Motor Vehicles was notified.

The investigative fieldwork of the allegation that a North County Branch Fiscal Records Specialist misappropriated County funds was unsubstantiated, as there was insufficient evidence to either prove or disprove the allegation. However, the Respondent did violate accounting policies and procedures by issuing a refund of $141, which is more than authorized, and incorrectly cleared a driver license suspension. In addition, the current check refund policy presents a risk of financial loss to the Clerk’s Office.
